The open, striking two-story family room dominates the magnificent Manchester. Conceived as a home that nicely combines casual and formal living, the Manchester establishes design concepts that will be used in years to come. The dramatic two story foyer opens to the right to the formal living room or to the dining room on the left. The hallway beyond the foyer opens suddenly into an expanse of volume ceilings. Rising a full two stories is the focal point of the home, the family room, complete with a The kitchen with breakfast nook is just off the family room creating a 'great room' effect. Quiet privacy can be easily obtained in the den located adjacent to the family room. Upstairs the second floor landing overlooks both the family room and the foyer. Beyond, a master bedroom/bath suite offers a perfect retreat for evening relaxation or weekend lounging. Three additional bedrooms and a second full bath easily accommodate other family members or overnight quests. A main floor laundry, powder room, two car garage and a large basement are also found in a home that uniquely combines contemporary and traditional design elements.
